About the Owners

The Wilderness Cabin is owned by the Ferriers and the Greens.

The Ferriers have spent their lives riding, fishing, hunting, outfitting & guiding for folks who love the great outdoors. They offer horseback pack trips during the summer & guiding & packing for hunters during the hunting seasons. The land where the cabin now sits has been their base of operations for their outfitting business for the last 30 years.

The Greens and Ferriers met in the Wilderness over 40 years ago and became friends and now partners in the Wilderness Cabin venture. The Greens have hunted, fished & vacationed here many times over the years.

We believe you will enjoy your time spent at the cabin and want to return again and again!

Yours Truly, The Ferriers and The Greens

The Wilderness Cabin is located on private property at the end of Forest Road #709, in the northern part of the West Elk

Wilderness. The cabin was completed in 2006. It boasts a modern kitchen with all the appliances and equipment needed to prepare gourmet meals. The large dining room table seats 10-12 guests. The living room is furnished with comfortable sofas and chairs, satellite TV, and offers views of the beautiful scenery through the large picture window. The master bedroom is located upstairs, and offers a king-sized bed and satellite TV. Adjacent to the master bedroom is a large loft room which sleeps 3-4 adults, and shares the master bathroom. There is a deck on this level for viewing the scenery and wildlife. The bottom floor includes two bedrooms, a full bath, laundry facilities and a recreation room for watching TV, games, and so forth. This room may also be used as a bedroom.

The deck on the bottom level offers both scenic views and a large hot tub. There are ponds and a stream within walking distance for those who want to fish. There are several nearby hiking trails, mountains to climb, and horseback riding can be arranged.
